## Letter of Endorsement

Dear Peter Giblin, other co-founders of the LeCiel Foundation, and its chairwoman,

It is with great pleasure that Ligmincha International and I as its founder and spiritual director endorse the Holistic Visions symposium that LeCiel Foundation is facilitating from November 29 through December 2, 2018. I welcome the Foundation's efforts to catalyze positive change on a global scale by creating projects such as the symposium that support interconnectedness. Such change is very much needed in this world.

I congratulate all of you for taking the initiative to raise awareness of the need to address the challenges of humanity and manifest innovative solutions to regenerate, protect and nurture humankind and the Earth. I wish you the best, and fully support you in all your efforts.

With many greetings and my blessings,

A handwritten signature in gold ink, reading 'Tenzin Wangyal Rinpoche'.
